

WERE OATH-BOUND.

The Men Who Committed the Outrage on General Tansley.

THE EXTRAORDINARY DOCUMENT

Found on the Person of Dr. J. T. Reed, One of the Principals, Who is a Mine Owner and Politician—A Secret Band Sworn Solely to Punish Violators of the Law—The Executive of the State not Excepted.

DELVER, August 8.—Dr. J. T. Reed, who was pointed out to the detectives in Denver as one of the principals in the Tansley outrage by ex-Deputy J. R. Wilson after he made his confession, is a prominent mine owner and politician. He was brought to this city last night in company with Wilson by Sheriff Bowers, and bonds were given for his appearance, while Wilson was locked up with ex-Deputy Parker, who has also made a confession:

The following extraordinary document was found on Dr. Reed when he was searched in Denver:

"In the presence of Almighty God and these witnesses, whom I have this day chosen as my associates and companions, I do most solemnly and sincerely promise and swear that I will do my duty and at any and all times as may be planned and agreed upon by these, my sworn companions, in exercising just and needed punishment to anarchists and other such criminals and murderers and strikers in Cripple Creek, and their sympathizers, either in high or low positions, the executive of the state not excepted, as we shall deem guilty of crimes against law abiding citizens of the United States, where human lives have been wantonly sacrificed, real and personal property destroyed or stolen, and many homes broken up.

"Women and children now suffer from the violence committed by villains, who cannot be reached by legal processes and properly punished, thus making a secret oath bound band of true and courageous brothers absolutely necessary, and which, in my candid opinion, is the only method whereby lawlessness can be speedily and effectively broken up.

"I furthermore pledge myself to go quickly when duty summons, and face whatever danger may be encountered in the work assigned me in this order, and that I will not make known any person or persons in this order, nor any plan or act which has been or shall be evolved in the future, nor will I suffer myself to become known or arrested by any civil officer or person when on duty, whereby these secrets of our order may become known, or one of my companions exposed or punished for the enforcement of law and order in El Paso county or the state of Colorado.

"To all of which I pledge my most sacred honor, and will assist my brothers in this compact to mete out just punishment to any of my companions should they expose any of the secrets whereby any one of us may be apprehended, legally or otherwise. To all of which I herewith pledge my sacred honor and oath. So help me God."

Wilson told the detectives all the parties to the conspiracy subscribed to this oath. His confession, it is generally believed, does not implicate Sheriff Bowers. Wilson has decided since he was brought from Denver that he made any confession, but this is thought to be owing to the fear that he will be harshly dealt with by the people of Colorado Springs. His statement was reduced to writing and he subscribed to it before a notary in the presence of witnesses.

Two back loads of men came from Denver to Colorado City last night with the avowed purpose of running Detective Peter Tales, Governor Wain's agent, out of town, but they failed to find him as he had gone to Denver.

The grand jury has returned and indictments, most of which grow out of the Cripple Creek troubles. The cases of the latter have not been passed upon. The jury made a presentment declaring that desperate men have gathered from all parts of the world in certain portions of El Paso county, "and that extraordinary measures are necessary for the enforcement of the laws." The presentment concludes: "It further appears to the grand jury that the executive officers of the county have been seriously interfered with by the executive department of the state in the execution of writs emanating from the courts of the county, and that the situation has become practically beyond control."

EFFORTS FAIL

To Promote Peace Between China and Japan—China the Obstacle.

SHANGHAI, August 8.—It is officially reported from Tien Tain that the efforts of Great Britain and Russia to bring about a peaceful settlement of the disputes between China and Japan have failed. China is willing to pay an indemnity, but she refuses to surrender her suzerainty over Korea.

The Chinese government has closed the Amping and Takao lighthouses on the Island of Formosa.

In Behalf of Union Soldiers.

WASHINGTON, D. C., August 8.—Local Grand Army officials have decided to protest against the alleged large number of discharges of ex-Union soldiers from the government service. A call will be issued within a day or two for a public meeting on Saturday evening of all ex-Union soldiers who have been dismissed from the various departments during this administration.

American Protestant Association.

WILKESBARRE, Pa., August 8.—The grand lodge of the American Protestant Association, comprising representatives from all lodges throughout the United States, assembled in annual convention here to-day.

The work is mostly of a secret character. The convention will be in session three days.

INDIANAPOLIS, Ind., August 8.—Governor Matthews has decided to pay off with borrowed money the militia who were in service during the strike. In order to secure it he must give his own note, and he has decided to raise it in this way, trusting to the legislature to reimburse him. The amount required is about \$45,000.

WAYNE REPUBLICANS

Have a Good Chance to Carry the County. Strong Ticket Nominated.

Special Dispatch to the Intelligencer.

HUNTINGTON, W. Va., August 8.—The Republican party of Wayne county was never presented with a better chance to gain a victory than they are now. If they cut the majority down to a couple of hundred in that Gibraltar of Democracy it can be credited a victory, but they can yet do much better than that. They have presented to the voters a splendid ticket, the candidates for the legislature being especially strong, and with active work good results can be accomplished. Many people have located in Wayne county in the last year and a half since the Norfolk & Western railroad began operations.

Most of these men are now voters and as they are principally mechanics, and from the north are naturally Republicans and are very much in favor of the protection system. This and the fact that the changes sprung from the present depression and hard times since the Democracy came into power will be shown. There are many men in the county now who formerly were staunch Democrats, many of them fought in the southern army, but they are not now the ranting bourbons as of yore. They have seen the mistake and now wish to even matters by voting with the party they so despised formerly. The Democracy cannot present a solid front simply for the reason that the Wilson-Camden muddle has created no little amount of disaffection, and not in the state do the Republicans have better prospects than in one of the banner Democratic counties. Its vote will not deserve such mention from that party after the fall of 1894, when there is a possibility that it may fall into the Republican column.

NICHOLAS REPUBLICANS

Splendidly Organized in a Democratic Stronghold—Some Timely Suggestions.

Special Correspondence of the Intelligencer.

SUMMERSVILLE, W. Va., August 8.—The convention of the Republican party of Nicholas county, convened at the court house, Saturday, August 4. The attendance was much larger than at any previous convention of the kind. The utmost enthusiasm and harmony prevailed throughout the proceedings.

The object of the convention was to reorganize the party here on a new basis, and to appoint delegates to the congressional convention. Now issues are before the people, and a new organization, though not quite necessary, was almost generally demanded. The old officers resigned and new ones appointed, who will energetically do their duty.

After the preliminary business was done and the convention had taken up the all-important duty of the day, speeches were made by W. C. Doolittle and Thomas O. Horan. There was no gush, no noisy declamation, nothing but close reasoning and the kind of logic that cuts its way to conviction.

The convention instructed the delegates to cast their votes for E. F. Rucker as the first choice and for J. H. Huling as the second choice for Congress.

The organization of the party here, though seemingly slow up to the present, is now as near perfection as possible. It was never in better working trim, and the assurance is given that there shall be no relaxation during the campaign. All will fight the old foe fairly—not a blow below the belt, and no "foul" will be tolerated.

There is now a well-defined duty before us. The tariff issue, if not already killed by the Democratic party, has to go way to the incompetency of the Bourbon party and the vacillating course of its leaders in Congress. A party that has no consistency can have no strength, and already the Democratic masses are disheartened at the failure of the present administration and the fearful conditions imposed on the country by it. The Democratic party has had a magnificent opportunity to redeem its pledges to the people, but what could be expected in the way of duty from men who sacrificed principle to compromise and trample on their platform for selfish purposes.

If we are tirelessly energetic, and unselfish in the work we have set before us to do we are sure to win. The expectation of victory is not one of a momentary kind born of wild enthusiasm or some passing emotion, but is based on the dissatisfaction of the Democracy and failure of its party, and the new life that has taken possession of our own party.

It is altogether out of the question to think that any necessary reform can be successfully effected by any party other than the Republican party. This should be fixed on the public's mind as a solemn truth established by reason and better experience.

The people of Nicholas county are quiet and thoughtful, and the majority cannot be always blindly led to their own ruin.

RETURNING WEALERS.

Citizens of Washington Returning Them Home Over the Chesapeake & Ohio.

WASHINGTON, August 8.—Through the efforts of the district commissioners and leading citizens, about fifty commonwealers, composing the Galvin and Thomas divisions of Fry's army, left the city over the Chesapeake & Ohio railroad for their homes in Cincinnati and Los Angeles. The train is expected to reach Indianapolis to-night, where arrangements will be made for transportation further west. Before leaving Galvin and Thomas jointly signed an open letter thanking those who had in any way assisted the wealers. Galvin and Thomas, it is said, are the only commonweal leaders who have not deserted their men after bringing them here.

A Grand Feature

Of Hood's Sarsaparilla is that while it purifies the blood and sends it coursing through the veins full of richness and health, it also imparts new life and vigor to every function of the body. Hence the expression so often heard: "Hood's Sarsaparilla made a new person of me." It overcomes that tired feeling so common now.

Hood's Pills are purely vegetable, perfectly harmless, always reliable and beneficial.

SANTO'S MOTHER

Appeals for Clemency for Her Son—The Anarchist's Letter to Her.

PARIS, August 8.—The mother of Caserio Santo Gerónimo, the assassin of President Carnot, has written to Mme. Carnot, asking her to intercede with President Casimir-Perier for the life of her son.

The mother has received the following letter from Caserio:

DEAR MOTHER:—I write a few lines in order to inform you that I have been condemned to death. What must you think of me? You cannot think I am an assassin and a malefactor. You know my good heart and my tenderness was always shown to you. Well, my heart is the same to-day. If I have committed this act it was simply because I was tired of looking on such an infamous world.

"I thank the priest for coming to me; but I do not desire to confess.

"I salute you, my brothers, sisters and others, with a thousand kisses."

BELLAIRES

All Sorts of Local News and Gossip from the Glass City.

The Democratic congressional committee is to be called together next week to fix the time and place for them to name some victim. The sentiment among Democrats as to fusion with the Populists does not amount to one in ten, so that there will be another three-cornered contest in this district. The Democrats may be third in the race, but they are going to have their own candidate. One Democratic editor says that to fuse with the Populists would give Captain Danford from 3,000 to 3,500 alone in this county. Let him lose standing in his party he didn't say what he thought the captain would have with two other tickets in the field, but while his figures look large they are not too large.

The tapk furnace of the Pultney Glass Company is now completed and the fire may be started this week to dry it out. The company expects to be making glass by the first of September, and the people intrusted in the success of the enterprise look confidently toward the future.

The fire department was called out Tuesday night by an alarm of fire from Watkin's saloon, caused by a lamp explosion, but it did no material damage and was put out by the inmates.

Our party, though now very large in numbers, will be conducted out of Yellowstone National Park, by great harvest fields in Dakota, across Minnesota to St. Paul, thence through Iowa for a visit to Dells of the Sioux. Out of these dreamy delis we proceed along the Elkhorn Valley, by places once red with the blood of battle, to the Black Hills. Thence back by many a wonderful scene, made famous by Indian legend to Minnehaha Falls, over St. Croix's beautiful river to the romantic Dells of the Wisconsin. The Descriptions accompanying these scenes of nature in Glimpses of America, are like bouquets rich with color, and filling the atmosphere with perfume.
